Grand Republicans

Members, Friends, & Guests,

Welcome to our 1st General Meeting of 2021

Hoping that this email finds you all healthy and safe for the 2021!

**Please check out our Members Forum on the website for Political Updates
and Members comments.**

We need to take note of this. We are at the beginning of something very frightening. 1984 has long been the yardstick by which we assess totalitarianism. Not any more! 2020 and the election of the Democrat left is the new measure. The space here is too limited to recite the litany of egregious incursions against our freedoms. But Americans have witnessed the banning of books, the desecration of statues, and the revision of our culture. Big tech oligarchs silenced the leader of the free world, and now they are intent on censoring those who voted for him. **This club must stay on top of this and do what we can to stop it.**
